“Currently under meticulous preparations, this international forum will bring together world-class scholars, star entrepreneurs and seasoned investors,” said Michael Wang, CEO of IPDN. “With a special focus on family office and wealth management this year, we are expecting to bring fresh observations and insights of this heavily talked about topic. More importantly, in addition to helping our members of the Business Club on international M&A, investment, and financing, we are providing them resources on wealth management and preservation for family and business, which will bring in new revenue stream and profits to the company.”

“We stand on the brink of a technological revolution that will fundamentally alter the way we live, work, and relate to one another. In its scale, scope, and complexity, the transformation will be unlike anything humankind has experienced before. It will no doubt create a “new economy,” said Star Jones, President of IPDN. We are thrilled Michael Woods will bring his unique expertise to our international forum.

“The 4th Industrial Revolution impact on businesses has developed over the past few years from the corporate investment and research stage into an infrastructure implementation and revenue impact stage. This implementation stage is already having a dramatic impact on society as a whole. I applaud IPDN’s management team and Star Jones’ focus during this international forum to shine a spotlight on the incredibly fast movement of technology enhancements which significantly impacts us all.” Said Michael Woods, Chairman and Co-Founder of Monsoon Blockchain Storage Company.

Last year, IPDN successfully launched its first annual International Capital Forum in Beijing. Mr. Bruce Aust, Vice Chairman of Nasdaq and Mr. Stephen Orlins, President of the National Committee on United States-China Relations, were invited to give keynote addresses along with a group of Chinese business leaders. The Forum was well received and drew over 4000 paid participants both in person and online from around the globe.
